

GAUZE AND SWABS

Mopping Pad / X-Ray Swab

Mopping pads and X-ray swabs are used where absorbency, handling, and surgical visibility matter. The range supports operating theatre and procedural care requirements with sterile and non-sterile supply options.

AT A GLANCE

Specifications

PROCUREMENT

Sizes & Packaging

Plain and X-ray mopping pad options for surgical absorption and wound-covering applications.

Size	Unit
10 x 10 cm	1 no
10 x 20 cm	1 no

- Non-adherent wound contact helps support dressing changes.
- Non-woven coating helps reduce trauma during removal.
- Absorbent construction supports heavier flow and helps keep the wound area dry.
